### Carpenter / Cabinet Maker

Elgin, IL | 1<sup>st</sup> Shift, Monday – Friday

We are seeking an experienced craftsman/cabinet maker with the ability to produce beautiful cabinetry, and to work effectively as part of a team.

During this time of uncertainty, we have continued to serve our client base of museums, hospitality, corporations, and high-end residential clients. In response to the current pandemic, we quickly added the manufacture of custom acrylic shields to our product line, servicing grocery, offices, schools, and other places of work. **We are so proud of our ability to pivot as required and to serve our traditional client base and our community at the same time.**

#### **Qualifications:**

- A minimum of 8-10 years of experience as a custom cabinetmaker with a portfolio of work to demonstrate past work/capabilities.
- Experience with required equipment, such as woodworking equipment and cutting machines.
- Ability to use traditional U.S. systems of weights and measures.
- Ability to read customer specifications (English).
- CNC capabilities a plus.
- Detail-oriented, ability to show initiative and take responsibility.
- Effective time management skills.
- Strong verbal and interpersonal communications skills.
- Effective problem-solving skills.
- Ability to work independently and in a team- oriented environment.
- Knowledge of and committed to good safety practices.
- Produce high quality work at a fast pace.
- Willing/able to work overtime when necessary to meet customer requirements.

#### **Personal Attributes:**

- Honest, trustworthy
- Respectful of and able to bring out the best in others
- Energized by a fast-paced work environment
- Willingness and ability to bring a positive, problem-solving approach to work every day
- Flexibility to pitch in wherever needed depending on customer needs.
